Options					

TPS HF1 belting 	TPS (standard belting) with 100% (every slat) high friction surface Upgrade set Slats must be exchanged on site. Additional chain for reuse of slats Short code AF2_TPS_HF1	Loose slats with high friction surface Carbon steel chain Masterlink	€ 78	extra per meter conveyor		
TPS HF2 belting	TPS (standard belting) with 50 % (every 2nd slat) high friction surface Upgrade set Slats must be exchanged on site. Additional chain for reuse of slats Short code AF2_TPS_HF2	Loose slats with high friction surface Carbon steel chain Masterlink	€ 39	extra per meter conveyor		
TPS HF3 belting	TPS (standard belting) with 100% (every 3rd slat) high friction surface Upgrade set Slats must be exchanged on site. Additional chain for reuse of slats Short code AF2_TPS_HF3	Loose slats with high friction surface Carbon steel chain Masterlink	€ 26	extra per meter conveyor		
TPS HF4 belting	TPS (standard belting) with 100% (every 4th slat) high friction surface Upgrade set Slats must be exchanged on site. Additional chain for reuse of slats Short code AF2_TPS_HF4	Loose slats with high friction surface Carbon steel chain Masterlink	€ 20	extra per meter conveyor		
TPS HF6 belting	TPS (standard belting) with 100% (every 6th slat) high friction surface Upgrade set Slats must be exchanged on site. Additional chain for reuse of slats Short code AF2_TPS_HF6	Loose slats with high friction surface Carbon steel chain Masterlink	€ 13	extra per meter conveyor		
Accessories						
Transition roller 	Roller used at the transitions from the drive to the idler unit or from and to third party machines Short code AF2_TR_S	One roller bearing roller Two pivoting brackets Height adjusting disks Fasteners	€ 70	each		
Support frame 	Base set and support profiles. Includes support bracings as from a height of 1250 Feet +/- 50mm height adjustable Shortcode AF2_SFXXXX_S	Adjustable plastic feet with M16 thread M16 Nuts to fasten the feet Horizontal Support Bar Support profiles Fasteners
